### Guidelines

1. Students may not leave in between exams on the same day. It is not an open campus, so once in the building, students may not leave until the last exam of the day is completed.
2. Students may only request an exam change if they have 3 exams on one day. Exam change forms are located in the office and require signatures of the teachers and Head of School.
3. If a student is sick, the exam make up time will be decided on a case by case basis. Tuesday, May 29 is the most likely option.
4. For study sessions, students will report to the teacher of the exam they have next. Students may not wander around during study sessions.
